CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 1840

Introduced by Assembly Member Campos

February 18, 2014

An act to amend Section 49455 of the Education Code, relating to pupil health.

LEGISLATIVE COUNSEL'S DIGEST

AB 1840, as amended, Campos. Pupil health: vision appraisal.

Existing law requires, upon first enrollment in a California school district of a child at a California elementary school, and at least every 3rd year thereafter until the child has completed the 8th grade, the child's vision to be appraised by the school nurse or other authorized person, as specified. ~~Existing law also requires gross external observation of the child's eyes, visual performance, and perception to be done by the school nurse and the classroom teacher.~~

This bill would authorize a child's vision to be appraised by using an eye chart or any other scientifically validated ~~screening~~ *photoscreening* test. ~~The bill would instead require gross external observation of the child's eyes, visual performance, and perception to be done by the school nurse, the classroom teacher, or a trained individual who meets requirements established by the State Department of Education. The bill would require photoscreening tests to be performed, under an~~

agreement with, or the supervision of, an optometrist or ophthalmologist, by the school nurse or a trained individual who meets requirements established by the State Department of Education.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
